Technology Team*

Once you click on the Control Panel icon, you will see a box that looks like this.....

- The first thing you will do is Click on “Orient” to calibrate your board.
- “Tools” helps you see the special tools available to you (Keyboard, magnifier, etc.)
- “Teacher’s Hub” takes you to online support and ready-made lessons for your content area
- “Help/Support” helps you identify who to call and/or email for support.

## Teachers' Hub

Making all the pieces fit

Puzzled about what to do next with your SMART education technology products? There's no need. Our Teachers' Hub will help you put everything together - one piece at a time.

### Getting started

**Is this you?**

- Never used a SMART Board interactive whiteboard

### Enhancing skills

**Is this you?**

- Comfortable using a SMART Board interactive whiteboard
